MINDEN — Mac McGillivary, Reeve of the Township of Cardiff, was acclaimed the Warden of the County of Haliburton on Tuesday, Dec. 18th, 1979.

Mr. McGillivary succeeds Stanhope Township Reeve, Jim Harrison, who welcomed him to his new post, at the County council meeting recently.

Fuelwood program in Minden district now underway

MINDEN — The Ontario Ministry of Natural Resources initiated a fuelwood program last winter whereby individuals were able to cut their own firewood from random length logs piled at roadside. Although Federal Government funding has not been made available to assist in the program this winter, the local Natural Resources office has decided to carry out a similar project in an attempt to satisfy the needs of local fuelwood consumers.

In the Minden area, logs are being purchased from a local contractor and delivered to the Municigravel pit just north of the Scotch line on the Bobcaygeon Road. On Friday, Saturday and Sunday from 8 am to 5 pm each week beginning January 18th, there will be a Ministry employee at the gravel pit to measure wood being cut and collect the appropriate fee. Wood will be charged for at the rate of $39.00 for each full cord which is approximately $13 per ½ ton truck load. A minimum charge of $5.00 will be levied where someone wishes to take home a very small quantity.

In the Gooderham area, the Ministry is cutting and skidding trees to the edge of the Monmouth Forest Access Road with Natural Resources staff and equipment. To find the area, travel one mile east of Tory Hill on Highway 121, turn right on the Haddington road and travel approximately four miles, then turn left onto the Monmouth Forest Access Road and go about three miles. Wood will be available for sale seven days a week from this location between 8 am and 5 pm. This wood will be charged for at the rate of $24.00 for each full cord or approximately $8.00 per ½ ton truck load, beginning January 14th.

The reason there is a different rate structure at each of the two locations is a result of the Ministry's desire to recover what it costs to place the wood there. In the case of the Minden location, where the wood is being trucked a considerable distance, it obviously costs more and therefore a higher fee is charged.

Although the intention is to provide fuelwood for local consumption, anyone may purchase this wood regardless of where they live. The only additional restriction is that in the case of the Minden area, the use of mechanical loading equipment will not be allowed.

$5000 grant issued for Minden's Gull River Parkbelt

MINDEN — A $5000 provincial grant to the Townships of Anson, Hindon and Minden will be used for the development of Gull River Parkbelt into an approved park, Natural Resources Minister James Auld announced last week.

The park, accessible from Highways 35 and 121 covers 1.4 hectares (3.5 acres) extending from close to the junction of South Water Street with highway 35 on the east to a point about 76.5 metres (2500 ft) downstream of the Bobcaygeon Road on the west.

Preparation of detailed site plans and intensive tree and shrub planting are part of the initial phase of development.

John Bovie returns now as returning officer for election

Mr. John Bovie is again the Victoria-Haliburton riding returning officer for the Feb. 18th federal election. The last election took place seven months ago on May 22, 1979 and the new election was called since the defeat of the first PC budget in December.

The returning office is located at 28 Peel Street in Lindsay and the phone number is 324-8382 or 324-8385.

The federal riding area is the same as the last election which was determined after the boundary change in 1974 and now takes in all of Victoria with the exception of Manvers Township, all of Haliburton County, the townships of Brock and Georgina and a portion of Peterborough County, (Harvey, Anstruther, Cavandish, Galway, Chandor and Burleigh Townships).

Mr. Bovie explained that there will be revisions made and a revised list of voters, but no enumerators will be hired. He stated that everyone on the preliminary list from the last election will receive a card in the mail which tells the voter of voting status and where polls are located.

There were 59,151 voters in the last election according to the official list. An ad will appear in local newspapers indicating the procedure by which a voter can get his or her name on the list or a correction made.

Minden— On Sunday evening at the Community Center, the Ministry of Natural Resources hockey squad took on a team of Irondale hockey players in an exibition game. The final score was 12-7 for the MNR and with the annual MNR Provincial hockey tournament just a couple of months away, they are rounding nicely into shape. They appear set up front but still need work on their defence and goal tending. However, with eight weeks to prepare these two areas should be corrected by tournament time.

Bracebridge downs Atoms 8-0 in championship game here

The annual Minden Minor Hockey Atom tournament was held on Saturday, Jan. 5th with seven teams taking part — Haliburton, Little Britain, Omemee, Powasson, Bracebridge, Manvers and Minden.

The Bracebridge CoOp Atoms were the class of the tournament, winning all three of its contests easily. They knocked off Little Britain in their first game 5-2, shutout Powasson 11-0 in the semi-finals and then drubbed Minden 8-0 in the championship game, to win the Minden Texaco Trophy.

In the Consolation final, Little Britain was the winner. After dropping their opening game to Bracebridge, they went on to defeat Manvers 3-2 and then take the final 5-2 over Omemee, winning the Sid Stamp Fuels Trophy.

Haliburton had opened the tournament with a 3-0 win over Omemee but then met Minden and were eliminated, when Minden scored the first goal in their 2-2 tie. Tom McLeod put Minden ahead 1-0 after just 16 seconds of the opening face-off. Haliburton's Jeff Popple tied the game before the period ended. Then Gordie Wood put Minden back in front early in the second period 2-1, but Popple tied the score late in the third. Young Greg Walker was outstanding in goal for Minden, making many spectacular stops, especially in the third period when Haliburton was pressing for the winning goal.

The Most Valuable Player in the tournament by a country mile was Trent Andison. In the three games that Bracebridge played, Trent scored 17 goals and assisted on four of his teams total of 24 goals scored.

Little Britain wins Consolation Final here

In the Minden Atom A tournament held two weeks ago, Little Britain downed Omemee 5-2 in the consolation final to win the Sid Stamp Fuels trophy plus attractive medallions.

Jeff Francis scores 4 goals, Novices record now 9.1.1

MINDEN — Although the Minden Minor Hockey scene was very quite over the past couple of weeks, there were nine games played.

Leading the way with their ninth win in 11 games this winter were the Novices. Playing most of the season with just eight players they have ran up an impressive record, winning nine, tying one and losing one, while scoring 79 goals and only giving up 9.

There latest victory was over Fenelon Falls on Thursday, Jan. 10th by the score of 8-1. Jeff Francis led the lop-sided win with four goals. Scott Russell had a pair, while singles went to Sheldon Stevenson and Joey Boyle.

In Peewee action on Jan. 4th, the Minden lads went down 5-1 at the hands of Woodville. Mike Gorveatt averted a shutout for Minden.

The Minden Atoms played Woodville on Jan. 8th and came away with a 5-5 tie. Tom McLeod and Gordie Wood each scored twice with a single goal going to Shane Burch.

The Peewees lost their 10th game of the season in 16 games on Jan. 10th in Omemee, this time 4-2. Scoring for Minden were Greg Newell and Paul Walker.

Dollo's IGA Juveniles once again had to settle for a tie on Jan. 8th, their 4th of the season against 15 wins and one loss, when Woodville put up a stout defensive performance at home. Shawn Silvers cashed a pair of goals for Minden while singles went to Greg Carpenter and Dennis Stribbling.

In Juvenile 2 action over the holidays, Bobcaygeon took a pair from our lads, 7-4 on Dec. 30th and 10-2 on Jan. 11th. In the Dec. encounter, Trent McElwain scored two, with singles going to Joey Graham and Stan Baker. On the 11th, Dave Pratt and Stan Baker scored.

Our lads then met Woodville at home on Sunday and dropped a lop-sided 12-1 game. Trent McElwain scored to avert a shutout.

The Tri County Bantams came up with their first points of the season in 17 games on Jan. 6th, downing Bobcaygeon at the Centre, 5-2. Terry Groves scored twice for Minden, with singles going to Kevin Forbes, Andrew Shapiera and Larry Miscio.

Now it's the Law. You can no longer drive without insurance.

The Compulsory Automobile Insurance Act came into effect on December 1st, 1979. Now Ontario residents must have insurance to register any motor vehicle. Drivers can no longer pay $150 into the Motor Vehicle Accident Claims Fund and register a vehicle without insurance. The MVAC Fund did not provide insurance; it compensated the victim of an accident and made the driver responsible for payment of the claim.

The deadline for car registration renewal is February 29, 1980.

To register any motor vehicle you must have a minimum of $100,000 third party liability insurance. If you want more information on the new Compulsory Automobile Insurance Act, pick up a pamphlet at Vehicle Licensing Offices and Driver Examination Centres, or write to (call collect 1-416-963-1111):

Snooker tournament, Sat. 19th

MINDEN — On Saturday, Jan. 19th at 12 noon, the first annual Minden billiards Open Snooker Tournament will be held here. Registration is 11:45 am and the entry fee is $10. The games will take place at Simpsons-Sears, over the bridge in the village.

Some of the finest snooker players in the area are expected to enter. Dan Noddle of Halls Lake, will be on hand and will be the pre-tournament favourite along with Minden's own Kim Hewitt. Dan grew up with one of the finest snooker players in Canada, none other than Cliff Thornburn the 1978 World Champion. Kim Hewitt is also well known in this area for his prowess with the stick as well.

Others who have entered and will give either of the above a run for their money are Minden Billiards owner John Hobbs, Highlands Express Editor Cliff Burke and Modern Electrics, Bill Payne. Also entered and hopeful of pocketing some of the cash prizes offered are Ted Pipe, Bob Austin, Keith McIntosh all of Minden and Leigh Bull of Ingoldsby.

Anyone is welcome to attend and organizers hope there will be a good turn out. Players will be drawn from a hat and will play two out of three game matches with the winners advancing. At present, the prize structure is first, second and third place dividing the money, however, there could be more prizes depending upon how many players enter.

For further information, contact Cliff Burke 286-1751 or John Hobbs (Simpsons order office).

A Question of National Will

By: Jean Lachance

The "accident" which plunged the country into another election a few weeks ago could never be called a victory for the Canadian people or a progressive step in the handling of the nation's affairs. Not by a long shot.

In addition to the $50-60 million the new election will cost, Canadian voters are being asked to settle the same difficult question they faced last May: who is better equipped to handle the responsibilities of government?

It is more of a dilemma than a question. The real choice is between the erratic and sometimes inept Conservatives and the worn out, decimated Liberals, although the NDP could spoil either scenario.

Jean Lachance is Public Affairs Officer for the Canadian Federation of Independent Business

Recent political history in Canada tells us that a potential backlash against those who provoked yet another election might result in an overwhelming mandate for the Conservatives. When this last happened in 1958, parliamentary opposition virtually ceased to exist in this country. On the other hand, the Canadian voter may well confirm last May's verdict and perpetuate the existing instability at the federal level at a time when Quebec, with 25% of Canada's population, is preparing to choose its own political destiny.

There is no doubt that issues such as leadership, the Conservative budget, and the voter's appreciation of who is responsible for the fall of the government will be considered by the electorate.

But the real issue that should dominate the present election campaign is one of policy, and mainly Canada's energy policy.

John Bulloch, President of the 55,000 member Canadian Federation of Independent Business puts it this way in his year-end message:

"The issue is how to turn higher energy costs into a great Canadian opportunity. Voters should be asking their political leaders how the $200 billion to be spent on resource projects in the 1980's can be used to provide maximum long-term benefits to Canada."

The point is that if we don't develop the necessary policies to protect Canadian interests in both the small and large business sectors, we could find ourselves with greater foreign domination of our economy, a weakened manufacturing industry, serious shortages of capital and skilled manpower, and increased disparities in income.

Maybe the real question all Canadians must face in this election is this: do we have the national will to shift from the politics of "immediate gratification" to that of "building for the future"?

Phenomenal opportunities exist. Will we have the sense and maturity to accept the challenge, no matter what our political affiliations are?

Pretty soon it will be time for Grandma to begin thawing holiday cookies.

What do they do with all the parts that never turn up in assemble-it-yourself toys?

Family Auto Ltd. fined $5,000

The corporate head office of Family Auto Ltd., 1296 Martingrove Rd., was convicted and fined $5,000 on one count of misrepresentation under The Business Practices Act, consumer minister Frank Drea announced today.

Charges against six employees of one Family Auto outlet were withdrawn.

During the proceedings yesterday the Crown Attorney told the court that a number of unnecessary repairs and replacement parts were suggested by a Family Auto repair outlet at 2128 Yonge St. when all the car required was lubrication, a spark plug adjustment and two new front shock absorbers.

The car was one of several ghost cars used by Ministry of Consumer and Commercial Relations investigators to monitor the service at various car repair outlets.

The Crown Attorney also told the court that after the lubrication was completed a Family Auto serviceman suggested that the following work be done:

- replace the carburetor air filter;
- add Bardahl (an oil additive) to the oil;
- replace the carburetor;
- replace the idler arm;
- replace all the tie rod ends and sleeves;
- replace both front shock absorbers.

The work cost $313.79. However, the repairs failed to correct the 'miss' in the engine caused by the misfiring spark plug.

The court was told by the Crown that the Family Auto outlet used a finder's fee' commission system to sell repairs. If the lubrication man recommended additional repairs be done and the repairs were subsequently sold by the manager, the lubrication man would receive a finder's fee.

Although any recommended repairs should have first been checked by the mechanic at the shop the Crown told the court that the mechanic was usually too busy and just replaced whatever was on the work order.

Family Auto Ltd. has 23 outlets in southern Ontario located in Scarborough, East York, North York, Etobicoke, Brampton, Richmond Hill, Oakville, Burlington, Hamilton, Brantford and Kitchener.

"We hope this conviction will serve as a warning to other members of the car repair industry," said Mr. Drea. "This is an ongoing investigation and we're going to lay charges whenever we find evidence to show that people have been deceived or misled about car repairs."

"There are more than 4.5 million motor vehicles registered in Ontario and most car owners aren't mechanics," said Mr. Drea. "Motorists depend on the car repair industry to deal with them honestly and fairly."
